REPORT

EVENT NAME : Eye Screening Camp

DATE OF EVENT : 24.07.2025 & 25.07.2025

COLLABORATION : Maxi Vision Eye Super Specialty Hospital, Trichy

Introduction

An Eye Screening Camp was successfully organized in collaboration with *Maxi Vision Eye Super Specialty Hospital, Trichy* on 24th and 25th July 2025. The camp aimed to promote awareness about eye health and provide free vision screening services to students and faculty members.

The program was inaugurated by Dr. D. Srinivasan, Principal, who emphasized the importance of regular eye check-ups in maintaining overall health. The event was effectively coordinated by N. R. Nagarajan, YRC Program Officer.

Objectives

- To create awareness about eye health and preventive care
- To identify vision-related issues among students and staff
- To provide early diagnosis of common eye problems such as refractive errors, cataracts, and eye infections
- To encourage timely medical intervention and healthy eye care practices

Event Details

A team of qualified ophthalmologists and medical staff from Maxi Vision Eye Super Specialty Hospital conducted comprehensive eye examinations. The screening included:

- Vision testing
- Eye pressure check-up
- Identification of refractive errors
- Consultation and medical advice

Around 560 students and faculty members actively participated and benefited from the camp. Necessary guidance, prescriptions, and referrals for further treatment were provided wherever required.

Outcomes

- Early detection of vision problems among participants
- Increased awareness about eye care and hygiene
- Encouragement for regular eye check-ups
- Improved understanding of preventive measures to avoid eye-related disorders
- Strengthened collaboration between the institution and healthcare providers

SDG Goals Mapped

This event aligns with the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Ensures healthy lives and promotes well-being by providing accessible eye care services and early diagnosis.
- SDG 4: Quality Education
  Good vision directly supports better learning outcomes and academic performance.
- SDG 17: Partnerships for the Goals
  Collaboration with Maxi Vision Eye Super Specialty Hospital highlights the importance of partnerships in achieving health-related goals.

Conclusion

The Eye Screening Camp was a meaningful initiative that contributed significantly to the health and well-being of the campus community. The active participation and positive response from students and faculty indicate the success of the program. Such initiatives should be conducted regularly to ensure sustained health awareness and early detection of medical issues.

YOUTH RED CROSS

REPORT

EVENT NAME : Mass Anti-Drug Pledge On Drug Free Tamil Nadu

DATE OF EVENT : 11.08.2025

Introduction

A Mass Anti-Drug Pledge program was organized on 11th August 2025 as part of the "Drug Free Tamil Nadu" initiative. The program aimed to create awareness among students about the harmful effects of drug abuse and to encourage a commitment towards leading a drug-free life.

The event was presided over by **Dr. D. Srinivasan, Principal**, who highlighted the importance of youth involvement in building a drug-free society. The program was successfully organized and coordinated by **N. R. Nagarajan, YRC Program Officer**. The event witnessed enthusiastic participation from students and faculty members, reflecting a collective commitment to social responsibility.

Objectives

- To create awareness about the dangers of drug abuse and addiction
- To promote a healthy, drug-free lifestyle among students
- To encourage social responsibility and ethical values
- To support the Government's initiative towards a Drug Free Tamil Nadu

Event Details

The program began with an awareness session emphasizing the serious consequences of substance abuse on individuals and society. Participants were educated about the physical, psychological, and social impacts of drug addiction.

Following the session, a **Mass Anti-Drug Pledge** was administered, where all participants collectively vowed to:

- Abstain from the use of drugs
- Spread awareness about the ill effects of drug abuse
- Support initiatives aimed at eliminating drug use in society

The pledge fostered a strong sense of unity and responsibility among the participants.

Outcomes

- Increased awareness about the harmful effects of drug abuse
- Strengthened commitment among students to remain drug-free
- Promotion of a safe and healthy campus environment
- Encouragement to act as ambassadors for anti-drug awareness
- Positive behavioral and attitudinal change towards substance abuse prevention

SDG Goals Mapped

This event contributes to the following **Sustainable Development Goals (SDGs):**

- **SDG 3: Good Health and Well-being**
  Promotes mental and physical well-being by discouraging substance abuse.
- **SDG 4: Quality Education**
  Enhances awareness and life skills essential for responsible living.
- **SDG 16: Peace, Justice and Strong Institutions**
  Supports the creation of a safe and drug-free society.

Conclusion

The Mass Anti-Drug Pledge program was a meaningful initiative that reinforced the importance of staying drug-free. The involvement of the Principal and the effective coordination by the YRC Program Officer ensured the success of the event. Such programs play a crucial role in shaping responsible citizens and promoting a healthier society.

YOUTH RED CROSS

REPORT

EVENT NAME : Blood Donation Camp

DATE OF EVENT : 12.08.2025

COLLABORATION : Annal Gandhi Memorial Government Hospital , Trichy

Introduction

A Blood Donation Camp was successfully organized on 12th August 2025 in collaboration with *Annal Gandhi Memorial Government Hospital, Trichy*. The initiative aimed to promote the spirit of voluntary blood donation and to contribute to saving lives.

The camp was presided over by Dr. D. Srinivasan, Principal, who emphasized the importance of blood donation as a noble act of service to humanity. The event was efficiently organized by N. R. Nagarajan, YRC Program Officer, ensuring smooth coordination and active participation.

Objectives

- To create awareness about the importance of voluntary blood donation
- To encourage students to donate blood and support healthcare services
- To contribute to the availability of safe blood in hospitals
- To instil social responsibility and humanitarian values among students

Event Details

A medical team from Annal Gandhi Memorial Government Hospital conducted the camp following all necessary safety protocols. Pre-donation screening, including hemoglobin check, blood pressure, and general health assessment, was carried out to ensure donor eligibility.

A total of 55 donors actively participated in the camp and donated blood. Post-donation care and refreshments were provided to all donors. The medical team appreciated the enthusiasm and commitment shown by the participants.

Outcomes

- Successful collection of blood units to support medical emergencies
- Increased awareness about the importance of regular blood donation
- Encouragement of voluntary participation in social service activities
- Development of a sense of empathy and responsibility among students
- Strengthened collaboration with the government hospital

SDG Goals Mapped

This event contributes to the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Supports healthcare systems by ensuring the availability of safe blood.
- SDG 17: Partnerships for the Goals
  Strengthens collaboration between the institution and healthcare providers.

Conclusion

The Blood Donation Camp was a successful and impactful initiative that highlighted the importance of community service and humanitarian values. The active participation of donors, along with the guidance of the Principal and coordination by the YRC Program Officer, ensured the smooth conduct of the camp. Such initiatives play a vital role in saving lives and promoting a culture of giving.

YOUTH RED CROSS

REPORT

EVENT NAME : Aadhar Updation Camp

DATE OF EVENT : 16.09.2025

COLLABORATION : e-Sevai Maiyam, Manachanallur

Introduction

An Aadhaar Updation Camp was organized on 16th September 2025 in collaboration with *e-Sevai Maiyam, Manachanallur*. The camp aimed to facilitate students in updating their Aadhaar details and ensuring access to essential identification services.

The program was presided over by **Dr. D. Srinivasan, Principal**, who highlighted the importance of Aadhaar as a vital identity document for accessing government services. The event was successfully organized by **N. R. Nagarajan, YRC Program Officer**.

Objectives

- To provide easy access to Aadhaar updation services
- To assist students in correcting and updating their personal details
- To create awareness about the importance of Aadhaar in availing government benefits
- To ensure accurate and updated identification records

Event Details

The Aadhaar Updation Camp was conducted by trained personnel from e-Sevai Maiyam. The services provided during the camp included:

- Updating demographic details (name, address, mobile number)
- Biometric updates (fingerprints, iris scan, photograph)
- Linking mobile numbers with Aadhaar
- Verification and correction of details

A total of **325 students** benefited from the camp by successfully updating their Aadhaar details. The process was carried out efficiently with proper guidance and support from the technical team.

Outcomes

- Improved accessibility to Aadhaar-related services for students
- Increased awareness about the importance of updated identification
- Reduction in errors in Aadhaar records
- Enhanced readiness of students to avail government schemes and services

- Strengthened collaboration with service providers

SDG Goals Mapped

This event contributes to the following **Sustainable Development Goals (SDGs):**

- **SDG 16: Peace, Justice and Strong Institutions**
  Ensures legal identity for all, including access to essential services.
- **SDG 9: Industry, Innovation and Infrastructure**
  Promotes digital infrastructure and service accessibility.
- **SDG 17: Partnerships for the Goals**
  Encourages collaboration with service organizations.

Conclusion

The Aadhaar Updation Camp was a highly beneficial initiative that provided essential services to students within the campus. The active participation and smooth execution, under the guidance of the Principal and coordination by the YRC Program Officer, ensured the success of the event. Such programs enhance accessibility and awareness of important government services.

YOUTH RED CROSS

REPORT

EVENT NAME : Road safety Swachhaata Hi seva-2025

DATE OF EVENT : 25.09.2025

COLLABORATION : Samayapuram-Padallur Toll Plaza Pvt. Ltd

Introduction

A Road Safety Awareness Program under the initiative *"Swachhaata Hi Seva 2025"* was organized on 25th September 2025 in collaboration with *Samayapuram–Padallur Toll Plaza Pvt. Ltd*. The program aimed to promote road safety awareness and cleanliness practices among students and the public.

The event was presided over by **Dr. D. Srinivasan, Principal**, who emphasized the importance of responsible road usage and maintaining cleanliness in public spaces. The program was effectively organized by **N. R. Nagarajan, YRC Program Officer**.

Objectives

- To create awareness about road safety rules and regulations
- To promote responsible behavior among road users
- To encourage cleanliness and hygiene under the Swachhaata initiative
- To reduce road accidents through awareness and education

Event Details

The program included awareness sessions on traffic rules, safe driving practices, and the importance of wearing helmets and seat belts. Participants were educated about pedestrian safety, road discipline, and the consequences of traffic violations.

As part of the *Swachhaata Hi Seva 2025* initiative, cleanliness activities were also carried out in and around the toll plaza area. Students actively participated in spreading awareness through:

- Placards and slogans on road safety
- Interaction with the public and motorists
- Cleanliness drives in the surrounding area

The collaborative effort helped in reaching a wider audience and promoting both safety and cleanliness.

Outcomes

- Increased awareness about road safety measures
- Improved understanding of traffic rules among participants
- Promotion of cleanliness and civic responsibility
- Encouragement of safe driving habits

- Strengthened partnership with external organizations

SDG Goals Mapped

This event contributes to the following **Sustainable Development Goals (SDGs):**

- **SDG 3: Good Health and Well-being**
  Promotes safety and reduces risk of injuries from road accidents.
- **SDG 11: Sustainable Cities and Communities**
  Encourages safe, clean, and sustainable public spaces.
- **SDG 17: Partnerships for the Goals**
  Strengthens collaboration between institutions and external agencies.

Conclusion

The Road Safety – Swachhaata Hi Seva 2025 program was a meaningful initiative that combined awareness on road safety with the importance of cleanliness. The active participation of students and the support from the collaborating organization ensured the success of the event. Under the guidance of the Principal and coordination by the YRC Program Officer, the program effectively contributed to building a safer and cleaner society.

YOUTH RED CROSS

REPORT

EVENT NAME : Eye Screening Camp

DATE OF EVENT : 27.11.2025

COLLABORATION : The Eye Foundation Camp, Trichy

Introduction

An Eye Screening Camp was organized on 27th November 2025 in collaboration with *The Eye Foundation Camp, Trichy*. The initiative aimed to promote awareness about eye health and provide free eye check-up services to students and faculty members.

The program was presided over by **Dr. D. Srinivasan, Principal**, who emphasized the importance of regular eye examinations for maintaining good vision and overall well-being. The event was successfully organized by **N. R. Nagarajan, YRC Program Officer**.

Objectives

- To create awareness about eye health and hygiene
- To identify vision-related problems at an early stage
- To provide free eye screening and medical guidance
- To encourage preventive care and regular eye check-ups

Event Details

A team of experienced ophthalmologists and medical staff from The Eye Foundation conducted detailed eye examinations for the participants. The screening process included:

- Vision testing
- Eye examination and diagnosis
- Identification of refractive errors and other eye-related issues
- Medical consultation and advice

Around **450 students and faculty members** actively participated and benefited from the camp. Necessary prescriptions and referrals for further treatment were provided where required.

Outcomes

- Early detection of eye-related problems among participants
- Increased awareness about eye care and preventive measures
- Encouragement for regular vision screening
- Improved understanding of maintaining eye health

- Strengthened institutional collaboration with healthcare providers

SDG Goals Mapped

This event aligns with the following **Sustainable Development Goals (SDGs):**

- **SDG 3: Good Health and Well-being**
  Promotes access to healthcare services and early diagnosis.
- **SDG 4: Quality Education**
  Good vision supports better academic performance and learning.
- **SDG 17: Partnerships for the Goals**
  Encourages collaboration with healthcare institutions.

EVENT NAME : **Awareness Program On Health And Hygiene For Women**

DATE OF EVENT : **28.11.2025**

COLLABORATION : **maa Kauvery Hospital, Trichy**

RESOURCE PERSON : **Dr. S. Divya, Gynecologist, Maa Kauvery Hospital, Trichy**

Introduction

An Awareness Program on Health and Hygiene for Women was organized on 28th November 2025 in collaboration with *Maa Kauvery Hospital, Trichy*. The program aimed to educate and empower female students by creating awareness about personal health, hygiene, and well-being.

The event was presided over by Dr. D. Srinivasan, Principal, who emphasized the importance of health awareness among women for leading a healthy and confident life. The program was effectively organized by N. R. Nagarajan, YRC Program Officer.

Objectives

- To create awareness about women's health and hygiene
- To educate participants on menstrual hygiene and personal care
- To promote preventive healthcare practices
- To encourage open discussion on women's health issues

Event Details

The session was delivered by Dr. S. Divya, Gynecologist, from Maa Kauvery Hospital, who provided valuable insights into various aspects of women's health. The key topics covered included:

- Menstrual hygiene and safe practices
- Nutritional requirements for women
- Common gynecological issues and preventive care
- Importance of regular health check-ups

The session was interactive, allowing participants to clarify doubts and gain practical knowledge. The program received active participation and positive feedback from the attendees.

Outcomes

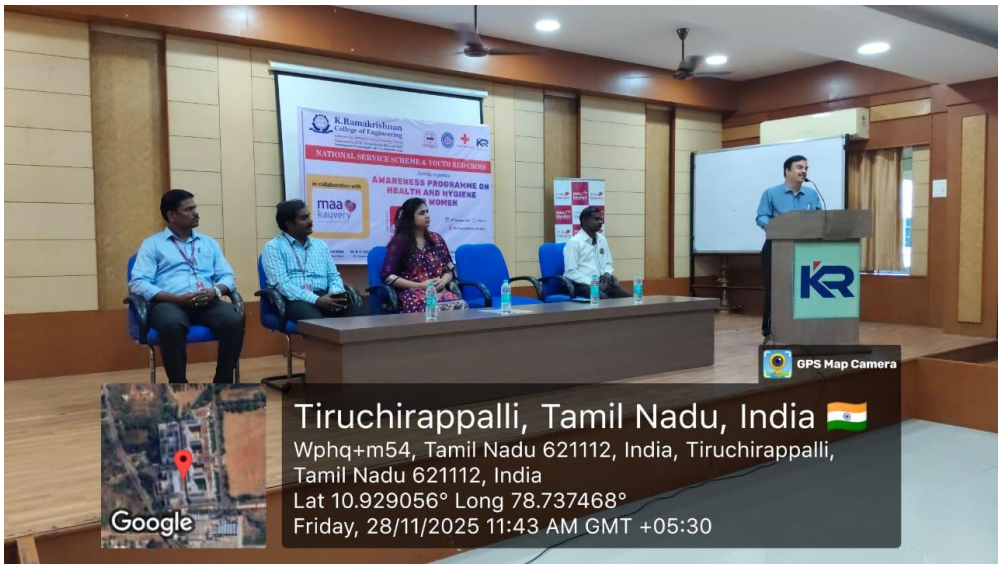
- Increased awareness about women's health and hygiene
- Improved understanding of menstrual and personal hygiene practices
- Encouragement to adopt healthy lifestyle habits
- Enhanced confidence among participants to discuss health-related issues

- Promotion of preventive healthcare awareness

SDG Goals Mapped

This event contributes to the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Promotes awareness and access to healthcare for women.
- SDG 5: Gender Equality
  Empowers women through health education and awareness.
- SDG 4: Quality Education
  Provides essential knowledge for personal development and well-being.
- SDG 17: Partnerships for the Goals
  Strengthens collaboration with healthcare institutions.



Conclusion

The Awareness Program on Health and Hygiene for Women was a highly informative and impactful initiative. The expert guidance provided by the resource person, along with the support of the Principal and coordination by the YRC Program Officer, ensured the success of the event. Such programs play a crucial role in empowering women and promoting a healthier society.

EVENT NAME : **Road Safety Awareness**

DATE OF EVENT : **30.01.2026**

COLLABORATION : **Samayapuram Traffic Police Department**

Introduction

A Road Safety Awareness Program was organized on 30th January 2026 in collaboration with the *Samayapuram Traffic Police Department*. The program aimed to educate students about traffic rules, safe driving practices, and the importance of road discipline.

The event was presided over by Dr. D. Srinivasan, Principal, who highlighted the need for responsible behavior on roads to prevent accidents. The program was successfully organized by N. R. Nagarajan, YRC Program Officer, ensuring active participation from students.

Objectives

- To create awareness about traffic rules and regulations
- To promote safe driving and responsible road behavior
- To reduce road accidents through awareness
- To educate students on the importance of following traffic laws

Event Details

Officials from the Samayapuram Traffic Police Department conducted an informative session on road safety. The key aspects covered included:

- Importance of wearing helmets and seat belts
- Observing traffic signals and speed limits
- Dangers of rash and drunk driving
- Pedestrian safety and road discipline

The session was interactive, with real-life examples and guidance provided to the participants. Students actively engaged in discussions and clarified their doubts regarding traffic regulations.

Outcomes

- Increased awareness about road safety and traffic rules
- Improved understanding of responsible road usage
- Encouragement to adopt safe driving practices
- Development of civic sense among students
- Contribution towards reducing road accidents

SDG Goals Mapped

This event contributes to the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Promotes safety and reduces injuries from road accidents.
- SDG 11: Sustainable Cities and Communities
  Encourages safe and sustainable transportation systems.
- SDG 17: Partnerships for the Goals
  Strengthens collaboration with public authorities.

Conclusion

The Road Safety Awareness Program was an informative and impactful initiative that emphasized the importance of responsible behavior on roads. COLLABORATION : **The Eye Foundation, Super Specialty Hospital, Trichy**

Resource Person : **Dr. K. Rifky Kamil, Senior Consultant**

(Cataract, Cornea, and Refractive Services)

Introduction

An Awareness Program on Ocular Trauma was organized on 10th February 2026 in collaboration with *The Eye Foundation, Super Specialty Hospital, Trichy*. The program aimed to educate students about eye injuries, their prevention, and the importance of timely medical intervention.

The event was presided over by Dr. D. Srinivasan, Principal, who emphasized the significance of eye safety in daily life. The program was successfully organized by N. R. Nagarajan, YRC Program Officer, ensuring effective coordination and participation.

Objectives

- To create awareness about ocular trauma and its causes
- To educate students on preventive measures for eye injuries
- To highlight the importance of immediate medical care in case of eye trauma
- To promote eye safety practices in daily activities

Event Details

The session was delivered by Dr. K. Rifky Kamil, Senior Consultant, who provided expert insights into ocular trauma and its management. The key topics covered included:

- Common causes of eye injuries (accidents, sports, workplace hazards)
- Preventive measures and use of protective eyewear
- First aid measures for eye injuries
- Importance of early diagnosis and treatment

The program was interactive, enabling participants to engage with the expert and clarify their queries. The session was informative and well-received by the attendees.

Outcomes

- Increased awareness about ocular trauma and eye safety
- Improved knowledge of preventive and first aid measures
- Encouragement to seek timely medical attention

- Promotion of safe practices to avoid eye injuries
- Enhanced awareness of specialized eye care services

SDG Goals Mapped

This event contributes to the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Promotes eye health and preventive care.
- SDG 4: Quality Education
  Provides essential health education to students.
- SDG 17: Partnerships for the Goals
  Strengthens collaboration with healthcare institutions.

Conclusion

The Awareness Program on Ocular Trauma was a highly informative initiative that emphasized the importance of eye safety and timely medical care. REPORT

EVENT NAME : **World Glaucoma Week Awareness Program**

DATE OF EVENT : **18.03.2026**

COLLABORATION : **The Eye Foundation, Super Specialty Hospital, Trichy**

Introduction

The *World Glaucoma Week Awareness Program* was organized on 18th March 2026 in collaboration with The Eye Foundation, Super Specialty Hospital, Trichy. The program aimed to create awareness about glaucoma, a leading cause of irreversible blindness, and to emphasize the importance of early detection and regular eye check-ups.

The event was presided over by Dr. D. Srinivasan, Principal, who highlighted the need for awareness and preventive care in maintaining eye health. The program was successfully organized by N. R. Nagarajan, YRC Program Officer.

Objectives

- To create awareness about glaucoma and its risk factors
- To educate participants on the importance of early detection
- To promote regular eye examinations
- To prevent vision loss through awareness and timely treatment

Event Details

The program was conducted with the support of The Eye Foundation, Super Specialty Hospital, Trichy, whose medical team provided valuable insights into glaucoma and its management.

The awareness session covered:

- Causes and symptoms of glaucoma
- Risk factors and preventive measures
- Importance of regular eye screening
- Available treatment options

Participants actively engaged in the session, gaining knowledge about protecting their vision and preventing blindness.

Outcomes

- Increased awareness about glaucoma and eye health
- Encouragement for regular eye check-ups
- Early identification mindset for eye-related issues
- Promotion of preventive healthcare practices

- Strengthened collaboration with The Eye Foundation

SDG Goals Mapped

This event contributes to the following Sustainable Development Goals (SDGs):

- SDG 3: Good Health and Well-being
  Promotes eye health and prevention of vision loss.
- SDG 4: Quality Education
  Enhances awareness and knowledge about health issues.
- SDG 17: Partnerships for the Goals
  Strengthens collaboration with healthcare institutions.

Conclusion

The World Glaucoma Week Awareness Program was a highly informative initiative that emphasized the importance of early detection and prevention of glaucoma. The support of The Eye Foundation, along with the guidance of the Principal and coordination by the YRC Program Officer, ensured the success of the event. Such awareness programs play a vital role in safeguarding vision and promoting overall health.
