REPORT

EVENT NAME: WORLD EARTH DAY - PLEDGE

DATE OF EVENT: 22.04.2025

World Earth Day 2025 will be celebrated on April 22nd, and its theme is **"Our Power, Our Planet".** The event aims to encourage global collaboration for environmental protection, focusing on collective action to safeguard our planet. Various events and initiatives will be held worldwide to raise awareness and promote sustainable practices. The students of K. Ramakrishanan College of Engineering students were taken the World Earth Day pledge.

Objectives:

- The main objective of the World Earth Day pledge is to raise global awareness and inspire action to protect the environment and combat climate change.
- To create environmental protection and sustainable living.
- To promote the importance of renewable energy.

Pledges for Sustainability

A major part of the celebrations revolved around individuals and organizations pledging to adopt more sustainable practices in their daily lives. The Pledge for Earth Day became an important aspect of this year's observance, with millions of people around the globe committing to:

- **Reduce Carbon Footprint**: Pledging to reduce personal or organizational carbon footprints by adopting energy-efficient practices, reducing waste, and promoting green energy sources.
- **Commit to Sustainable Consumption**: Pledging to buy products that are environmentally friendly, reducing plastic use, and supporting companies with green initiatives.
- **Protect Natural Resources**: Committing to conserving water, planting trees, and protecting biodiversity by supporting wildlife conservation efforts.
- **Support Climate Advocacy**: Pledging to advocate for strong climate policies and environmental legislation that promotes a sustainable future for all.

The Importance of Earth Day Pledges

The pledges made on World Earth Day 2025 highlight the growing recognition of the environmental challenges humanity faces. Each pledge represents a step toward restoring our planet and mitigating the effects of climate change. As these pledges continue to accumulate, the collective effort can have a significant impact on global environmental health. By committing to sustainable actions, individuals and organizations help drive a cultural shift toward sustainability, fostering long-term positive change for the planet.

Conclusion

World Earth Day 2025 proved to be a powerful moment for raising awareness and taking action toward a more sustainable future. The pledges made by individuals, communities, and organizations reflect a global commitment to restoring the earth's natural systems and addressing environmental challenges. With ongoing efforts to reduce carbon footprints, protect ecosystems, and promote environmental justice, Earth Day continues to inspire change and cultivate a world that values the protection and restoration of our planet.

EVENT NAME: BLOOD DONATION CAMP

DATE OF EVENT: 21.04.2025

COLLABORATION: Kauvery Hospital, Trichy

A **Blood Donation Camp** was successfully organized on 21.04.2025 at KRCT, in collaboration with Kauvery Hospital, Trichy. The camp aimed to promote voluntary blood donation and contribute to saving lives through collective community efforts.

Objectives

- To encourage voluntary and regular blood donation.
- To support local hospitals and blood banks in meeting demand.
- To raise awareness about the importance of blood donation.
- To cultivate a sense of social responsibility among participants.

Camp Highlights

- **Inaugural Ceremony**: The event was inaugurated by Dr. R. Kamaraj, COE, KRCE
- Registration and Screening: Donors were registered and underwent basic health checks including BP, hemoglobin, and weight assessments.
- Blood Donation: Blood was collected by a trained team of medical professionals under hygienic conditions.
- Refreshments and Certificates: Donors were provided refreshments and awarded appreciation certificates.
- Awareness Materials: Posters, banners, and pamphlets were displayed to inform attendees about the benefits of blood donation.

Participation and Outcome

- Total Units Collected: 55
- Number of Donors: 55
- First-Time Donors: 40
- Medical Staff Involved: 1 Doctor, 8 Nurses, 1 Blood Camp Officer, 2 Chemical Attenders.
- Volunteers: 12
- Many donors expressed their willingness to continue donating in the future and encouraged others to do the same.

Conclusion

- The Blood Donation Camp was a great success, meeting its goal of saving lives through community action. It created awareness, encouraged first-time donors, and demonstrated the power of collective effort. The YRC team expresses sincere gratitude to all donors, medical staff, and volunteers who made this event meaningful.

EVENT NAME: INTERNATIONAL DAY OF FOREST - 2025

DATE OF EVENT: 21.03.2025

COLLABORATION: NEHRU YUVA KENDRA, Trichy

The **International Day of Forests** is celebrated globally on **March 21** every year. Established by the United Nations General Assembly in 2012, the day aims to raise awareness about the importance of all types of forests and trees outside forests. It highlights the critical role forests play in maintaining life on Earth and promoting sustainable development.

Objectives

- To raise global awareness about the importance of forests and trees.
- To highlight the vital role forests, play in providing food security, biodiversity, and combating climate change.
- To encourage action for their protection and sustainable management

Activities

- Tree-planting campaigns
- Educational seminars and workshops
- Art and essay competitions
- Public awareness campaigns through social media and events

EVENT NAME: HUMAN RALLY- WORLD GLAUCOMA WEEK

DATE OF EVENT: 14.03.2025

COLLABORATION:The Eye Foundation super speciality Hospital, Trichy

K. Ramakrishnan College of Engineering and Trichy Eye Foundation super speciality Hospital were jointly organized the **Human Rally** and Awareness program for creating awareness to promote eye health and vision care among the community. The rally started at 8.15 am in Eye foundation Hospital and concluded at the same place via Williams Road and central bus stand Trichy. The YRC Volunteers were carried by banners, posters and pamphlets with information on Glaucoma and Eye health. The Rally was started by the assistant Police Commissioner.

Objectives:

- To raise global awareness about glaucoma, the leading cause of preventable blindness.
- Identify the early signs and risk factors associated with glaucoma, including elevated intraocular pressure, optic nerve changes, and visual field defects.

Rally Highlights

Participants gathered with banners, posters, and slogans such as:

- "Save Your Sight, Get Tested for Glaucoma"
- "Early Detection Saves Vision"
- "Don't Let Glaucoma Steal Your Sight"

The rally moved through key areas of the city, attracting public attention. Pamphlets containing important information about glaucoma were distributed, and free eye screening camps were also set up at the rally endpoint.

Several ophthalmologists delivered short speeches emphasizing the need for regular eye checkups, especially for individuals over 40 or those with a family history of glaucoma.

Outcome

The rally successfully created awareness among hundreds of citizens about the risks associated with glaucoma. Many people showed interest in learning more about eye health and participated in the free screening programs. The event highlighted the power of community action in fighting preventable blindness.

Conclusion

The Human Rally during World Glaucoma Week proved to be a significant step toward building a more informed society. Early diagnosis and timely treatment are the keys to preventing vision loss, and through such initiatives, we can make a real difference in people's lives.

EVENT NAME: TREE PLANTATION PROGRAM

DATE OF EVENT: 11.03.2025

COLLABORATION: TRICHY CITY CORPORATION

A Tree Plantation Program was organized by YRC on 11.03.2025 as part of an environmental awareness campaign. The main aim of the event was to promote greenery, encourage sustainable living, and combat the increasing levels of pollution and deforestation.

Purpose

The purpose of the program was to:

- Increase green cover and improve biodiversity
- Spread awareness about the importance of trees in fighting climate change
- Encourage community participation in environmental conservation

Program Highlights

The event began with a brief inaugural ceremony where the Principal Dr. D. Srinivasan spoke about the urgent need to protect our environment. Following this, participants planted saplings of various native species such as neem, peepal, banyan, and mango.

Participants also took a pledge to nurture the plants and spread awareness about the significance of trees. Informational posters and banners with slogans like:

- "Plant Trees, Save Earth"
- "A Tree Today, A Life Tomorrow"
- "Green Earth, Clean Earth" were displayed throughout the area.
- A total of 55 saplings were planted during the program.

Outcome

- The Tree Plantation Program was a huge success. It not only contributed to improving the green environment but also inspired participants and local residents to take active steps toward protecting nature. The event fostered a sense of responsibility and commitment to environmental sustainability among everyone involved.

Conclusion

- Planting trees is one of the simplest and most effective ways to tackle environmental challenges. Through initiatives like the Tree Plantation Program, we move closer to creating a greener, healthier, and more sustainable future for the coming generations.
